Subsidies Available

National Childcare Scheme (NCS)

We participate in the National Childcare Scheme (NCS), which provides subsidies to families based on their eligibility. This subsidy can reduce your weekly childcare fees. Families can apply through the NCS portal.

ECCE Scheme (Early Childhood Care and Education)

The ECCE scheme provides children with 3 hours of subsidised care per day, 5 days a week, for 2 years. Children are eligible from the age of 2 years and 8 months, with entry points in September each year. This subsidy is applied to reduce your overall childcare fees when combined with full-time care.

Fees are calculated across 52 weeks of the year, and take into consideration all bank holidays, religious holidays, and any closure due to force majeure.
